Campus events are scattered and manual

Instagram posts | WhatsApp groups | Paper posters | Google Forms & sheets

= missed events, lost registrations, venue clashes, paperwork

S Students

- **No single place to look**
  Events live in feeds and group chats; deadlines slip by.
- **Registration is guesswork**
  Forms, DMs and screenshots; no confirmation or ticket.
- **No reminders, late certificates**
  Venue changes and day-before info get lost; certificates arrive weeks later.

O Organizers

- **Data split across sheets**
  Every event re-invents the form and the spreadsheet.
- **Manual payment checks**
  Scrolling UPI history to match screenshots by hand.
- **Clashes, paper approvals, no numbers**
  Venues double-booked, approvals on paper, no live attendance.

One platform, three roles

1 Student

Finds, registers, attends

- **Sign up once**
  Register no. + college; gets a unique CampusPulse ID
- **Discover & register**
  Search, filter, register a team
- **Pay & get a QR pass**
  Club's UPI QR, transaction ID
- **Certificates**
  Delivered to the team leader

2 Club / Dept admin

Hosts the event

- **Create events**
  Poster, rules, venue, fee, payment QR
- **Verify payments**
  Approve or reject with a reason
- **Check in by QR**
  Live attendance at the gate
- **Export & certify**
  Excel sheets, feedback, certificates

3 Portal admin

Governs the portal

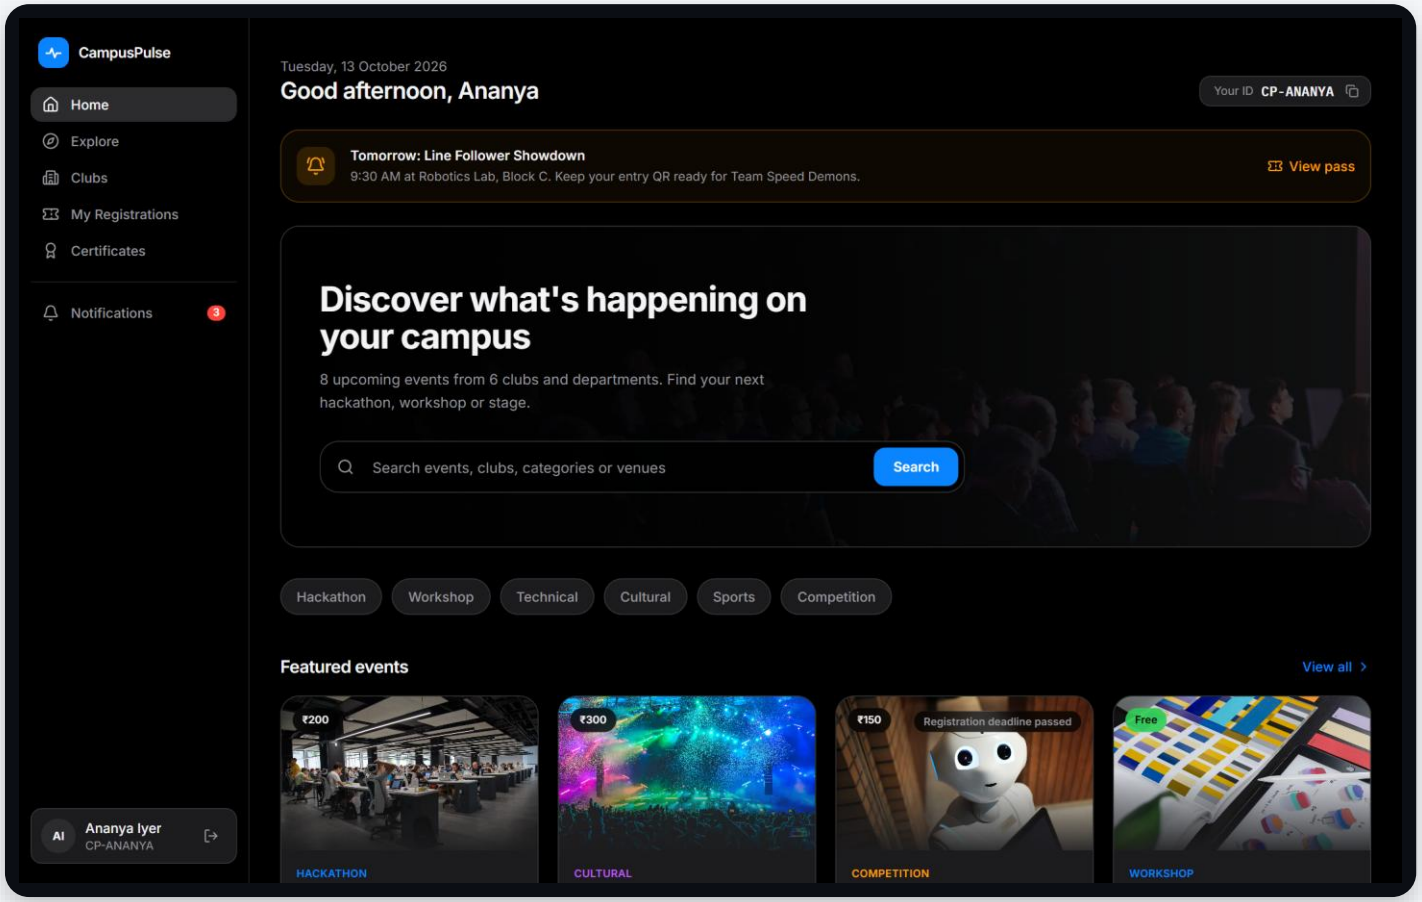

- **Approve events**
  Request changes with notes
- **Create clubs & admins**
  Department-wise logins
- **Complaints inbox**
  Requests from club admins
- **Control**
  Broadcasts, suspend, reset passwords

From poster upload to live attendance, end to end

CLUB	ADMIN	STUDENT	CLUB	STUDENT	CLUB	BOTH
1	2	3	4	5	6	7
Creates event Poster, venue, fee, payment QR	**Approves** Or requests changes	**Registers team** By CampusPulse ID	**Verifies payment** Team gets WhatsApp link	**Gets QR ticket** Reminder 1 day before	**Scans at gate** Live attendance	**Feedback & certificate** Verifiable by QR

Problem Statement goal: *"demonstrated end to end from poster upload and approval to QR check-in and live attendance analytics for organizers."* **Our live demo walks exactly this path.**

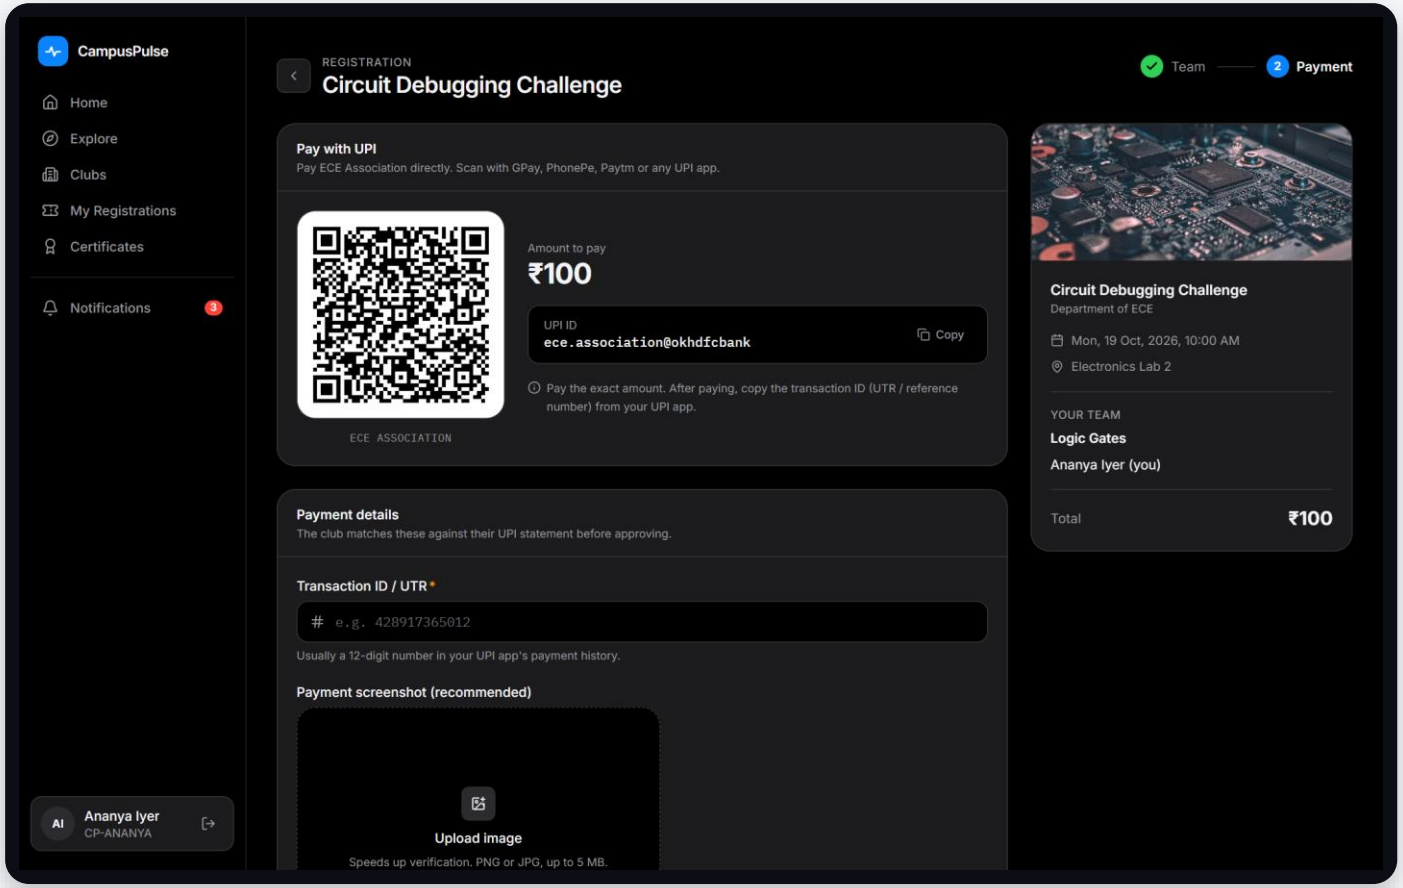

Find an event in seconds

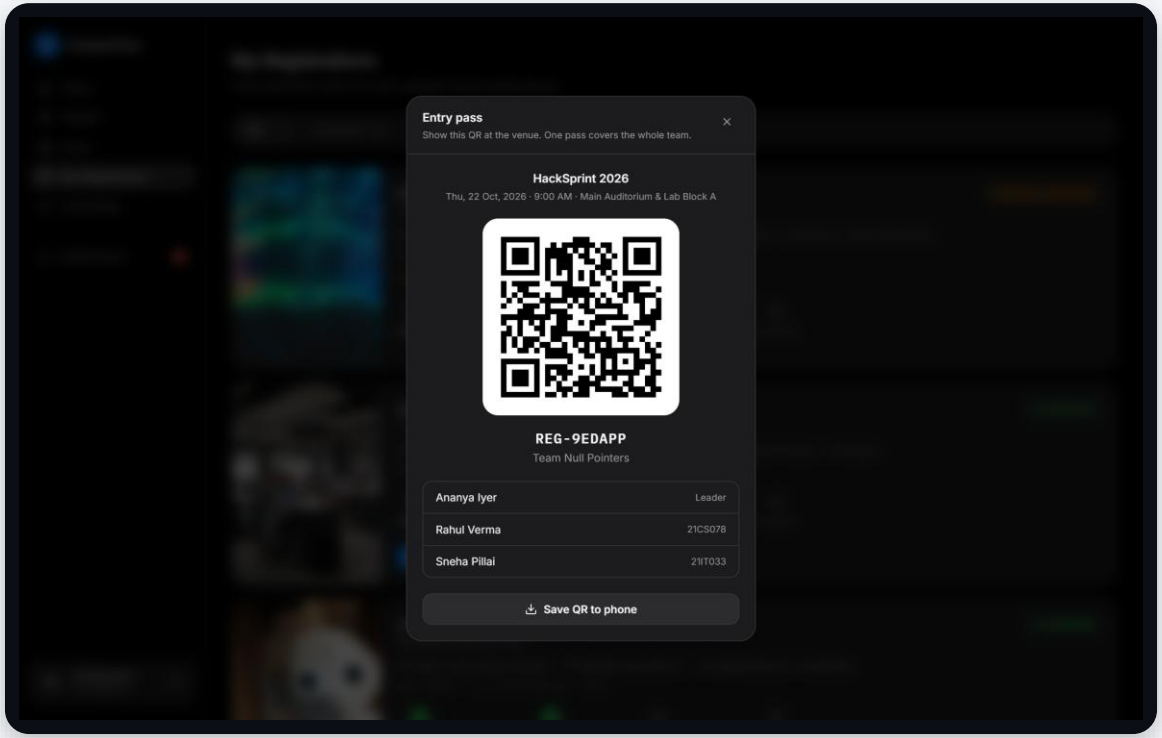

- **One search box**
  Events, clubs, categories and venues
- **Smart filters**
  Category, club, free / paid, open now, past
- **Club & department pages**
  Every event a club runs, in one place
- **Internal-only events**
  Tagged and limited to own-college students
- **Day-before reminder**
  Notification + "Tomorrow" banner on home

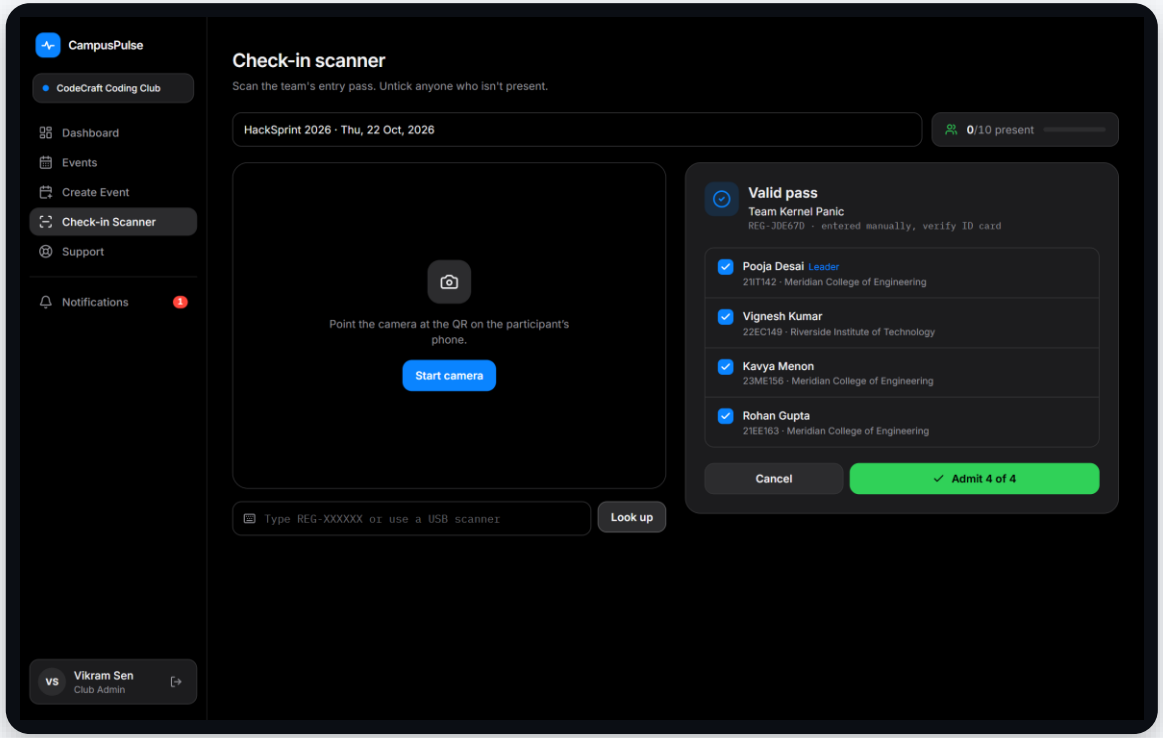

Register a team and pay in one flow

- **Teammates by CampusPulse ID**
  Name, register no. and college filled in and verified
- **Pay the club's own UPI QR**
  Generated with the exact amount if only a UPI ID is given
- **Transaction ID + screenshot**
  Submitted for the club to verify
- **Fraud & mistakes blocked**
  Reused transaction IDs, duplicate members, full events

QR ticket at the gate, live attendance for organizers

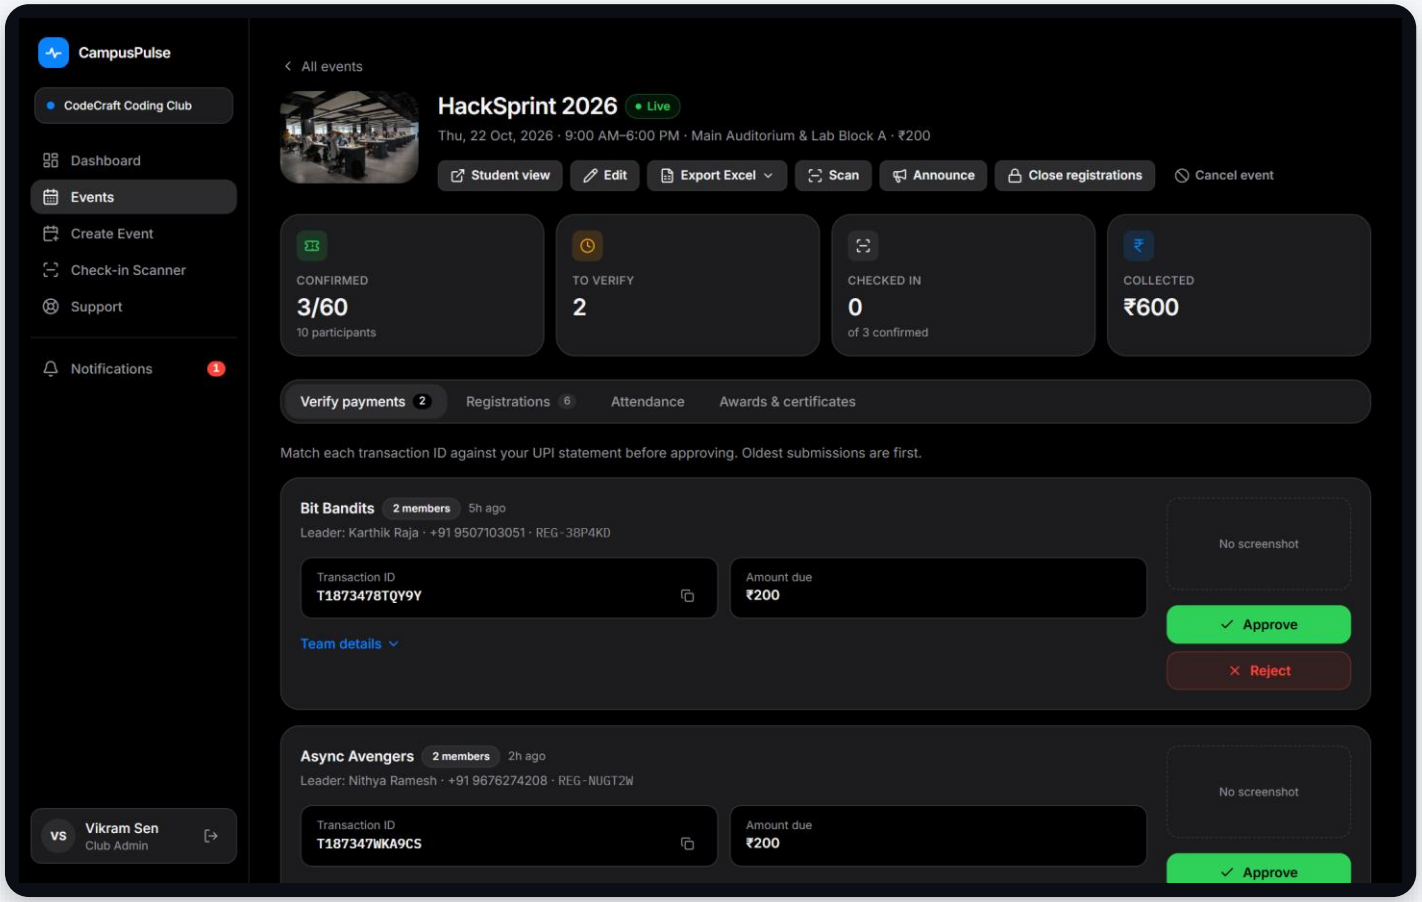

Student One signed QR pass per team, saved to the phone

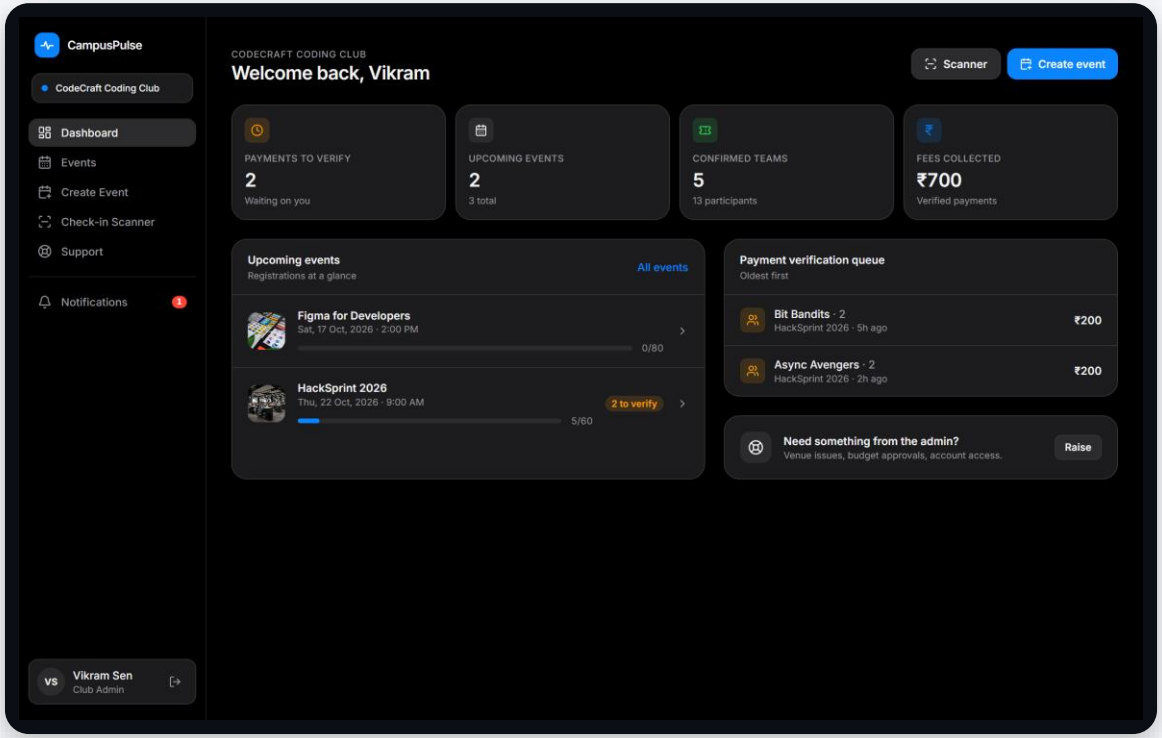

Volunteer Scan, tick who's present, admit. Forged QR = rejected

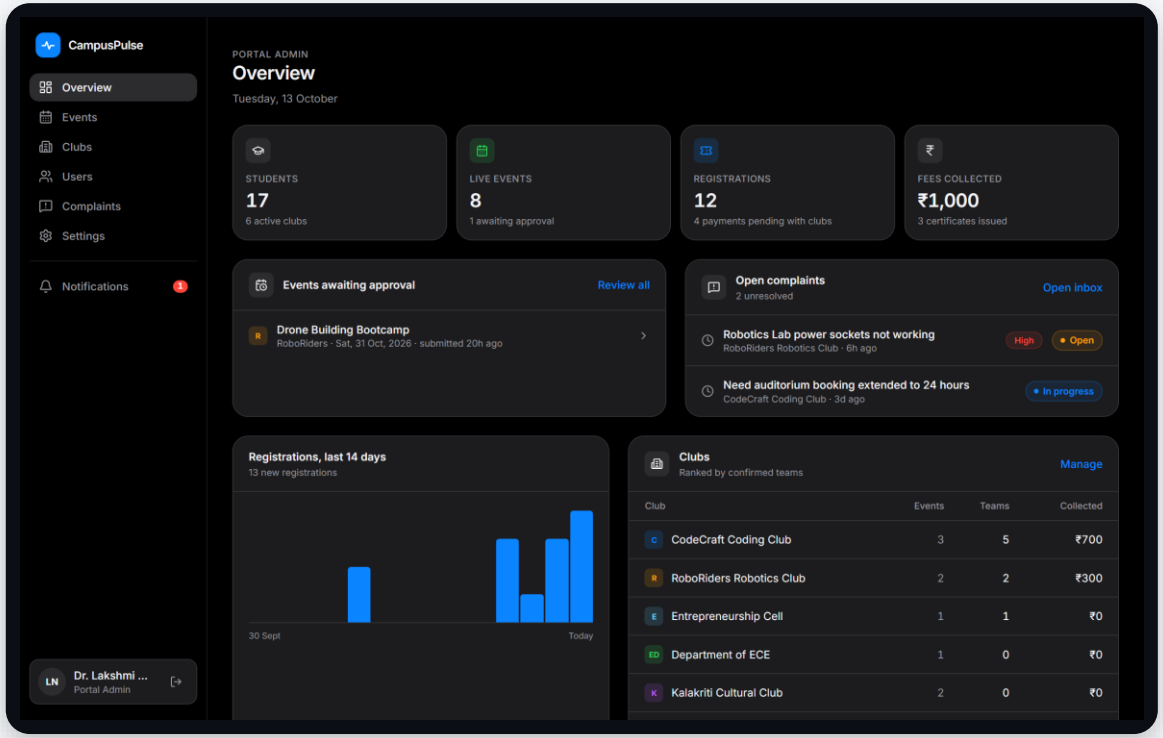

Host an event without spreadsheets

- **Complete event form**
  Poster, rules, schedule, team size, fee, QR, WhatsApp link
- **Venue clash alert**
  Warned while saving if the venue is already booked
- **Verify payments**
  Approve, or reject with a reason; team can resubmit
- **Auto WhatsApp link**
  Sent to the team the moment they are approved
- **One-click Excel export**
  Teams sheet + Participants sheet

Organizer dashboard and live analytics

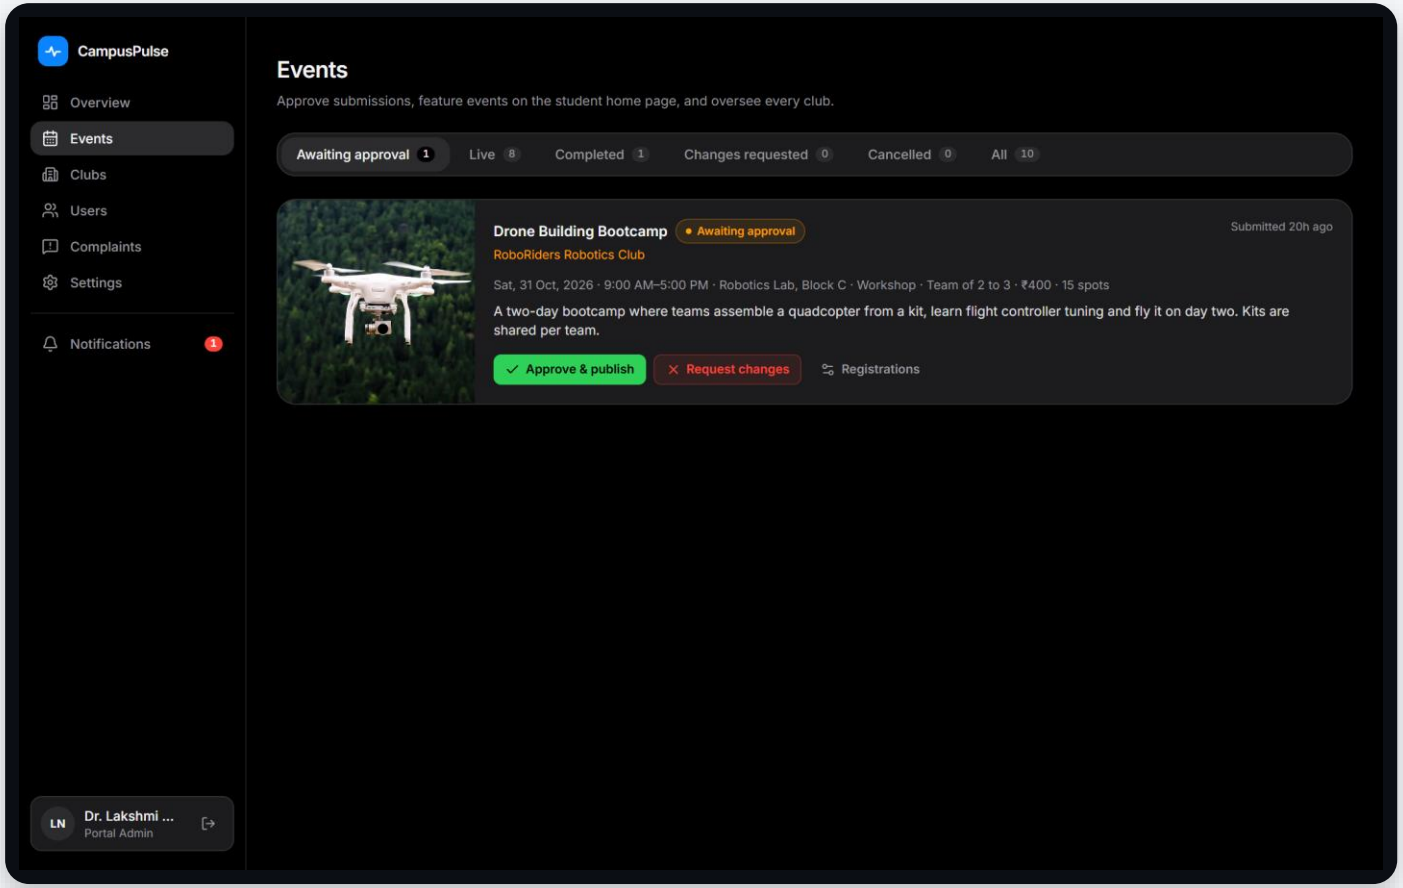

Club Payments to verify, confirmed teams, fees, capacity per event

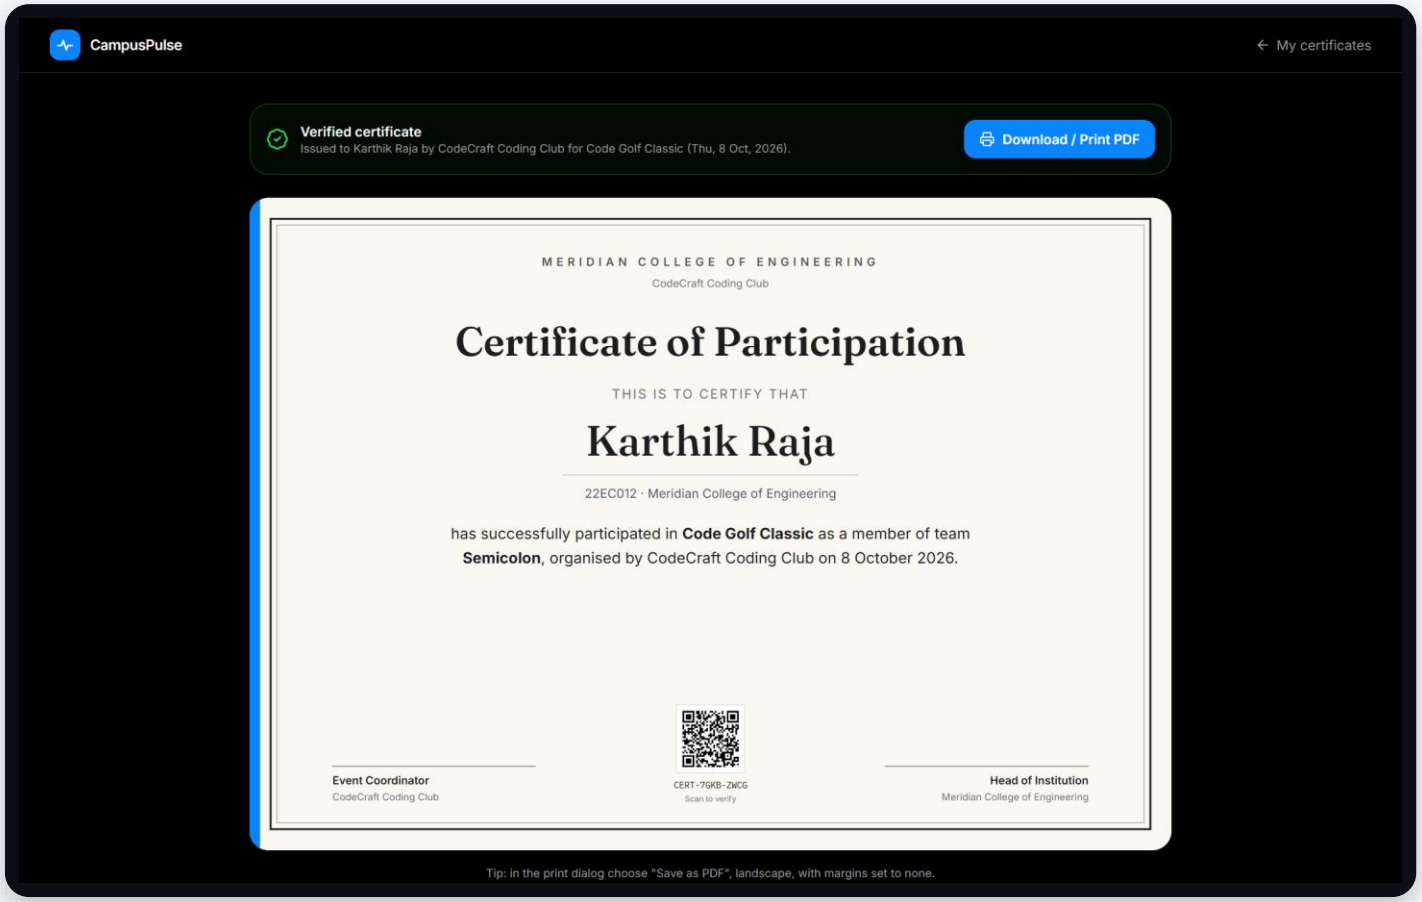

Admin Portal-wide registrations, per-club ranking, open complaints

Digital approvals and portal-wide control

- **Approve or request changes**
  With notes; the club edits and resubmits
- **Clashes flagged**
  Overlapping venue bookings shown in the queue
- **Feature events**
  Pin the best events to every student home
- **Department-wise admins**
  Create clubs and their admin logins
- **Complaints & broadcasts**
  Reply to clubs, announce to everyone

After the event: feedback and certificates

- **Feedback by QR**
  Shown on screen at the end; registered students rate the event
- **Awards**
  Winner, Runner-up, Special Mention
- **Certificates for attendees**
  Generated from QR check-in data
- **Sent to the team leader**
  Every member's certificate, printable as PDF
- **Verifiable**
  Scan the certificate QR to confirm it is genuine

Problem Statement 1: what CampusPulse covers

Suggested in the problem statement	In CampusPulse	Status
Event discovery with smart filtering	Search + 5 filters, club & department pages, featured events	**Built**
QR tickets, reminders, QR check-in	Signed QR per team, day-before reminder, camera scanner	**Built**
Venue conflict detection	Alert on save + flag in the approval queue	**Built**
Digital approval workflow	Approve / request changes / resubmit, with notes	**Built**
Organizer dashboard & analytics	Registrations, payments, live attendance, Excel	**Built**
Personalized recommendations	Based on clubs and past events attended	**Next**
AI flyer-to-event extraction	Upload a poster, get an event draft	**Next**

Built to run on campus today

FRONTEND

React + Tailwind CSS

Responsive: laptop and phone

BACKEND

Node.js + Express

REST API, role-based access

DATABASE

SQLite

Zero setup, one file

RUNS ANYWHERE

One command

npm run dev, demo data seeded

Security & trust

- **Captcha on login & sign-up**
  Checked on the server, single use
- **Hashed passwords, rate-limited login**
  scrypt; session cookies
- **Tamper-proof QR**
  HMAC-signed tickets; fakes rejected at the gate
- **One payment, one registration**
  Transaction IDs can never be reused

What's next

1

Ask CampusPulse AI

Answers students' questions about events, rules, deadlines and their registration, instead of coordinators.

2

AI poster → event draft

Upload a poster; the event form fills itself for the organizer to check.

3

Personalized feed

Recommendations from clubs followed and events attended.

4

Smarter scheduling

Suggest free venues and slots on a clash; add-to-calendar for students.

Thank you

Discover Better.
Organize Smarter.
Connect Campus.
